

BROCHURE

WELCOME TO LEARNMORE

Learnmore is a school dedicated to nurturing the full potential of every Muslim child. As a 'total package' for the physical, spiritual, emotional, and intellectual well-being of our pupils, we recognise the importance of early education, particularly in the formative years and lower key stages.

Our British-Nigerian curriculum combines rigorous academic standards with Quranic studies, Arabic language proficiency, and the development of essential soft skills.

Our slogan, "**...and be happy!**", reflects our commitment to ensuring that every aspect of your child's development is nurtured with care and excellence. We go beyond traditional education by incorporating "out of the box" learning experiences and 21st-century engagements, preparing our pupils for the realities of today's global competition while fostering their spiritual growth.

If you find yourself in the same boat as Mr. & Mrs. Abdullah (see story on page 4), we encourage you to take full advantage of what Learnmore has to offer. Your child will thank you forever for it, Insha Allah.

MISSION AND VISION

Our Mission To provide a comprehensive educational experience rooted in Islamic values, nurturing well-rounded individuals who excel academically and morally, and contribute positively to society.

Our Vision To empower students to become lifelong learners, leaders, and ambassadors of Islam.

CORE VALUES

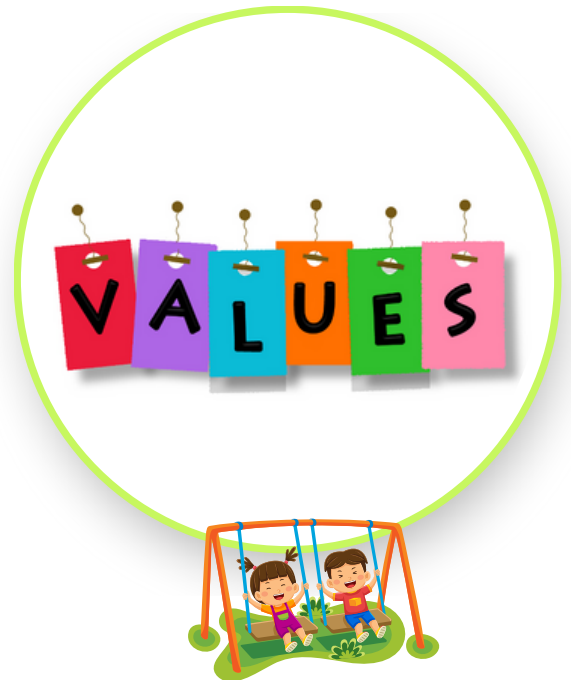

Respect (Akhlāq - أخلاق): We treat everyone with dignity and kindness, listening with empathy and appreciating differences as taught in the Quran and Hadith.

Integrity (Amanah - أمانة): We uphold honesty and ethical conduct, encouraging learners to reflect these values in their actions.

Compassion (Rahmah - رحمة): We foster empathy and kindness, guiding learners to support and care for others, as emphasized by the Prophet Muhammad (peace be upon him).

Responsibility (Mas'uliyah - مسؤولية): We emphasize accountability for our actions and encourage learners to take responsibility for their growth and roles in the community.

Collaboration (Ta'awun - تعاون) : We promote teamwork and mutual support, enhancing learning and personal development through cooperation among learners, staff, and families.

THE PHENOMENON

A short story

Mr. & Mrs. Abdullah have two young children, Nabil and Nihad, ages 5 and 7, respectively. They have had so much to complain about and a lot to desire from the school their children attended. As another school year approaches, they seek another “Muslim school” for their beautiful kids.

After visiting several schools, they are exhausted and still unsatisfied. The schools they see do not match their desire for their children, leading them to wonder, “Are we asking for too much?” “Is a combination of sound knowledge of Islam plus world-class academics impossible?”

Many Muslim parents can relate to the story of Mr. & Mrs. Abdullah. But do we have to compromise on the lives and Akhirah (hereafter) of our children, especially when Allah has placed the responsibility in our hands?

A Purposeful Beginning

Learnmore School was founded by a group of concerned Muslims who have experienced firsthand the challenges of finding the best 'balanced' academic institution for their young wards. Their passion for seeing the future of Islam gaining ground against all odds, coupled with the glaring need for a befitting foundation school for Muslim children, propelled the emergence of Learnmore School.

Alhamdulillah, Learnmore is here today.

OUR CREED

The Learnmore School Creed

As a Learnmore School learner, I strive to do what's right,
For I believe Allah the Almighty observes, day and night.
This belief guides me in every deed,
To act with integrity, in thought, word, and need.
The fear of Allah, where wisdom takes start,
Guides every action, and purifies the heart.

I am a Learnmore School learner.

I believe in trying harder, with every step I take,
For mistakes are lessons that wisdom will make.
They shape my journey, making me wise,
Lifting me higher as I reach for the skies.

I believe in truthfulness, clear and sincere,
It nurtures my spirit, banishes fear.
Humility and submission bring peace profound,
A tranquil heart where solace is found.

I believe in Islam, the ultimate way,
A guide through life, both night and day.

"وَاتَّقُوا اللَّهَ وَيُعَلِّمُكُمُ"

(wa taku Allah, wa ya'alimukum)

"And fear Allah, He will teach you."

I believe in Learnmore School's guiding light,
May Allah assist me, and keep me upright!

CURRICULUM OVERVIEW

Our curriculum is a customised blend of the Nigerian and British systems, incorporating Tahfeez-ul Quran and Arabic language studies.

Islamic education is woven into every level, fostering a deep understanding of Islamic culture and etiquette. The Learnmore curriculum is crafted to ensure each stage of learning is both comfortable and challenging, preparing students to compete favourably with their peers worldwide.

Curriculum Highlights:

- **Academic Excellence:** Our students are exposed to world-class academics, designed to help them compete favourably with their peers globally.
- **Islamic Studies:** We incorporate Tahfeez-ul Quran and Arabic language studies into our daily curriculum, ensuring that our students not only learn but live Islam.
- **Character Building:** Our programs focus on developing Emotional Intelligence (EQ), leadership skills, and self-discipline, ensuring that our students are well-prepared for the challenges of life.

AVAILABLE CLASSES

Learnmore School offers a full spectrum of classes from early childhood through secondary education, with a strong emphasis on Islamic studies.

- **Learnearly (Crèche):** A nurturing start with a focus on early literacy, numeracy, socialization, and Islamic values.
- **Preschool:** Our Preschool program builds foundational skills in reading, writing, arithmetic, Quranic studies, and Arabic language, while also encouraging social and cognitive development in a playful learning environment.
- **Primary:** Combines core academic subjects with Islamic studies, preparing children for today's world.
- **Junior Secondary School (JSS):** Lays the groundwork for higher education with advanced academics and continued Islamic studies.
- **Senior Secondary School (SSS):** Prepares students for higher education with a curriculum aligned to national and international standards, alongside ongoing Islamic studies.
- **Tahfeeth (تحفيظ):** Focused on Quran memorization with perfect tajweed, guided by our in-house haafidh.
- **Arabiyyah (العربية):** Dedicated Arabic language studies to enhance understanding and proficiency in reading, writing, and conversation.

EXTRA-CURRICULAR

Developing the Whole Child

At Learnmore School, we believe in holistic education that extends beyond the classroom. Our extra-curricular programmes are designed to nurture our learners' talents, build confidence, and foster teamwork.

Key Activities:

- **Leadership and Responsibility:** Instilling responsibility and leadership qualities.
- **Project Management:** Teaching essential skills in planning, execution, and management.
- **Coding:** Introducing learners to technology and programming, fostering problem-solving and creativity.
- **Public Speaking and Debates:** Developing confidence and effective communication skills.
- **Sports and Fitness:** Offering physical activities, including Karate and Taekwondo, to promote health and self-defence.
- **Cooking:** Encouraging life skills and creativity in the kitchen, promoting healthy eating habits.
- **Arts and Crafts:** Fostering creativity and fine motor skills through artistic projects.
- **Storytelling and Role-Playing:** Engaging learners in creative expression aligned with Islamic teachings.
- **Spelling Bee and Quizzes:** Promoting academic competition in a fun, engaging way.
- **Environmental Club:** Raising awareness and responsibility for the environment through hands-on activities.
- **...and much more:** We continually adapt our programmes to enable learners to explore and expand their skills.

OUR UNIQUE FEATURES

Islamic Education

Tahfeeth (تحفيظ) Programme: Memorization of the Quran is a primary objective at Learnmore. Our in-house haafidh train the kids to memorize the Quran with tajweed. The children learn to recite perfectly and also learn the rules guiding each pronunciation (Tajweed).

Arabiyyah (العربية) Classes: Arabic is the language of the Quran, the language of our beloved prophet (S.A.W). Our pupils are exposed to the language all through the day in their classes. They also have specified periods to learn the Arabic language. It is our belief that fine background knowledge of Arabic would enhance their memorization and appreciation of the holy Quran.

Character and Social Development

Emotional & Social Intelligence (EQ) Classes : Learnmore caters for not just the present but also the future of our pupils. In the past up to the present, the focus has been on the development of children with superb academic achievements and high IQ. However, as the world evolves, a glimpse into the future reveals that IQ alone is not sufficient to make an outstanding personality. New studies reveal that Emotional & Social Intelligence is a quintessential factor in producing that person who stands distinctly amidst others.

OUR UNIQUE FEATURES

Academic Excellence

Subject-Based Teaching: Every major subject is handled by a professional in the field. Our learning facilitators teach subjects they are trained for, thus, making learning and teaching most easy for the learners and instructors alike.

Hands-On Learning: As young as age 3, pupils are guided to experiment. They engage mostly in practical activities in their Science and Art classes. Their minds are opened and intellects challenged. They are trained to be creative and to limitlessly explore their world.

ICT Facility : Here is the computer-age where a child can 'operate' a computer/phone before they can even talk. Our pupils are taken through the ages of the computers as they evolved with personalized ICT gadgets to use right in the classroom. They also get familiarized with CBT (Computer – Based –Test) so that they are completely at home with the system when the time comes for them to write external exams.

Beyond Academics

Library Visits: Our pupils are exposed to wide and varied reading within the school. We have enough books at the disposal of our pupils that a single child cannot exhaust. However, we realize the importance of learning via socialization. On a regular basis, the pupils are taken out to public libraries to explore, have a feel of reading in a public library, and are trained on library rules.

'Out of the Box' Learning: At Learnmore, real learning takes place within and outside the classroom. Our outings are not limited to annual excursions or termly field trips. Our pupils are engaged in learning as much as is necessary for sound and practical understanding, appreciating the nature of children to learn better through visual and kinesthetic experiences.

OUR TEACHERS

The Pillars of Learning

At Learnmore School, our teachers, known as Learning Facilitators (LFs), are dedicated to ensuring that meaningful learning occurs in every classroom. They are specialists in their fields, bringing both expertise and passion to guide our students effectively.

Qualified and Specialised:

We hire only suitably qualified graduates who are experts in their subjects. Their deep knowledge allows them to deliver a rich and engaging educational experience, tailored to the needs of each student.

Continuous Development and Certification:

Our Learning Facilitators undergo a series of rigorous training and certification courses to ensure they are fully equipped to support and safeguard our students. Among these, the 1 Million Teachers programme is a key component, keeping our LFs at the forefront of educational excellence.

Role Models in Faith:

We hire only Muslims who embody the values we teach, serving as role models for our students. Our LFs actively contribute to our courses in Tahfeez (تحفيظ), Arabiyyah (العربية), and Islamic ethics, fostering both academic and spiritual growth.

Clear Expectations:

Our detailed Code of Conduct provides clear guidelines, ensuring that every LF understands their role and responsibilities. This framework helps us maintain the highest educational standards, ensuring our learners receive the best support, guidance, and protection.

HISTORY OF THE SCHOOL

Our Beginnings: Learnmore School was founded by passionate educators who saw a need for a school that combines academic excellence with Islamic values, nurturing the spiritual, moral, and emotional development of Muslim children.

The Founders' Vision: The founders, experienced in education, aimed to create a school where Islamic teachings were integrated with high academic standards, helping students excel both spiritually and academically. From Concept to Reality Learnmore School was designed not just as an educational institution, but as a place where Islamic values are lived daily, shaping students to navigate the complexities of the modern world with a strong moral foundation.

Building the Foundation: The founders meticulously planned the school, blending Nigerian and British curricula with Islamic teachings, and recruiting dedicated educators to ensure a holistic learning environment.

Our Growth and Impact: From humble beginnings, Learnmore School has grown into a respected institution known for its academic success and strong ethical foundation, continuously adapting to meet the needs of its students.

Looking Ahead: Learnmore School's story is one of faith and perseverance. As we continue to grow, we remain steadfast in our commitment to nurturing well-rounded individuals who excel academically, live their faith with integrity, and contribute positively to society. We promise to uphold these values and provide a holistic education that prepares our learners for success in this life and the hereafter, Insha Allah.

CLOSING MESSAGE
